## 2) Exploring Seashells: A Certificate Course in Conchology"

Date: 01/12/2023

### NOTICE

The Department of Zoology is pleased to announce a unique learning opportunity for students:

#### "Exploring Seashells: A Certificate Course in Conchology"

In collaboration with experts in the field, this certificate course aims to provide an in-depth understanding of conchology and the fascinating world of mollusks.

- Date: 18<sup>th</sup> to 23<sup>rd</sup> December, 2023

- Duration: 6 days

Limited seats are available, so secure your spot early!

Registration Deadline: 10<sup>th</sup> December 2023

Course Fee: 20/-

#### Contact Information:

For inquiries and registration, please contact:

Department of Zoology  
December 18th to 23rd 2023

"Exploring Seashells: A Certificate Course in Conchology"

## Course Syllabus

A course in conchology designed for interdisciplinary students to provide a comprehensive understanding of shells and molluscs while emphasizing the connections between conchology and various scientific and academic disciplines. The following course content outline covers a wide range of topics and interdisciplinary perspectives:

**Course Title:** "Exploring Seashells: A Certificate Course in Conchology"

**Course Description:**

This course explores the science of conchology, the study of shells and molluscs, and its intersections with various academic disciplines. Students will gain a deep understanding of mollusc biology, ecology, and shell classification while exploring the practical applications and interdisciplinary connections of conchology.

**Course Objectives:**

1. To provide a foundational knowledge of conchology, molluscs, and shells.
2. To understand the ecological significance of molluscs and their shells.
3. To explore the cultural, historical, and artistic aspects of shells.

**Module 1: Introduction to Conchology**

- Definition and scope of conchology
- Historical significance of shell studies
- Role of shells in various cultures
- Ethical considerations in shell collection

## Course Syllabus

**Module 2: Mollusk Biology and Diversity**

- Anatomy of molluscs
- Classification of molluscs
- Habit and habitat of molluscs
- Adaptations and behaviours of molluscs

**Module 3: Shell Structure and Identification**

- Types and Functions of Shells
- Terminology and classification of shells
- Practical shell identification
- Collection and preservation techniques

**Module 4: Art, culture and Indigenous Knowledge**

- The artistic and cultural significance of shells (art, crafts, jewellery)
- Ethnobiological perspectives on shells
- Indigenous uses of shells (currency and trade items)
- Traditional ecological knowledge of molluscs

**Assessment:**

- Quizzes and assignments on shell identification and classification.
- Assignment on making jewellery and artifacts using shells

This course provides students with a holistic understanding of conchology, highlighting its relevance and applications in various academic and practical fields, making it ideal for interdisciplinary learners.

### 3) CERTIFICATE COURSE ON WETLAND DEVELOPMENT

Date: 17/01/2024

#### Notice to Students

Explore the Mysteries of Wetlands!

Dear Students,

Exciting news awaits you! The Department of Zoology is delighted to present a captivating "Certificate Course on Wetland Development" in celebration of World Wetland Day. Join us for an unforgettable experience from 29<sup>th</sup> January to 3<sup>rd</sup> February, 2024, filled with engaging activities like enlightening lectures, thought-provoking movie screenings, insightful panel discussions, a refreshing nature trail, and an immersive field visit.

Don't let this opportunity slip away! The course fee is a mere Rs. 400, offering you a chance to dive into the wonders of wetlands and expand your knowledge. Seize the moment and enroll today by providing your name to Dr. Sadaf Don. We can't wait to have you on board!

- Convener: Dr. Heena Momin
- Course Coordinator: Dr. Sumaiya Khatib
- Organizing Secretary: Dr. Sadaf Don

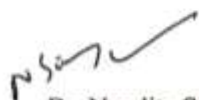

Organizing Committee Members

- Dr. Nandita Singh
- Dr. Kamran Abbas

For further details, feel free to contact:

Department of Zoology

Mark your calendars and embark on this educational journey with us! We look forward to your enthusiastic participation.

# **Title: Interactive Wetland Exploration: A 30-Hours Certificate Course**

## **Course Syllabus**

### **Objective:**

The Wetland Exploration certificate course is designed to engage students in an innovative learning experience, providing them with a deep understanding of wetland ecosystems through hands-on activities, field trips, and interactive modules. The course aims to instil a sense of environmental stewardship and inspire the next generation of conservationists.

**Course Duration:** The course will be conducted over a span of 1 week, with a total of 30 instructional hours.

### **Module 1: Introduction to Wetlands**

- Overview of wetland ecosystems
- Importance and ecological significance

### **Module 2: Wetland Tour and Exploration Techniques**

- Basic fieldwork skills
- Hands-on activities to identify wetland flora and fauna
- Use of field guides and technology

### **Module 3: Wetland Biodiversity**

- Collage making on role of biodiversity in wetland ecosystems

### **Module 4: Wetland Threats, Conservation and Management**

- Panel discussions on current threats (Urbanization and Wetland Loss/ Community Engagement in Wetland Conservation/ Wetland Restoration Success Stories/ Climate Change Impacts on Wetlands)
- Movie screening

### **Module 5: Community Engagement in Wetland Conservation (5 hours)**

- Group project: Develop a community awareness campaign (Godrej display, poster/collage presentation)

**Assessment:** Assessment will be based on participation, group activities, and a short reflective essay on documentary.

**Certification:** Upon successful completion of the course and fulfilment of assessment criteria, students will be awarded a Certificate in Interactive Wetland Exploration.

**Course Materials:** Participants will have access to online resources, field trips, and supplementary materials, ensuring an enriched learning experience.

This innovative and interactive certificate course captivates students' interest and fosters a holistic understanding of wetland ecosystems, preparing them for active participation in environmental conservation efforts.

NOTICE

30 hours Online Certificate Course on  
**Soft Skills and Personality Development**

**Syllabus**

**Program/ Objective:**

- To introduce the concept of soft skills in students
- To acquaint students with topics related to soft skills such as Planning and Goal Setting, Understanding People, Habits of Successful People, Effective Communication, Stress, Ethics etc.
- To enhance skills relating to personality development in students

**Course Outcome:**

At the end of the course, students will

- Gain knowledge about the concept of soft skills required in personal and professional life
- Develop an ability to plan and set goals for future endeavours
- Create a better quality of life with the help of soft skills and personality development
- Foster an environment of value systems for society

**Unit 1: Introduction to Soft Skills (5 hours)**

- a) What is Soft Skills
- b) Need and Relevance of Soft Skills
- c) Application of Soft Skills
- d) Assignment, Evaluation and Feedback

**Unit 2: Planning and Goal Setting, Conflict (5 hours)**

- a) What is Planning
- b) Strategies for effective Goal Setting
- c) Conflict Resolution
- d) Assignment, Evaluation and Feedback

**Unit 3: Understanding People and Stress Management (5 hours)**

- a) Behaviour
- b) Stress and Managing Stress
- c) Assignment, Evaluation and Feedback

**Unit 4: Habits of Successful People (5 hours)**

- a) How to cultivate habits for Success
- b) Ethics for interpersonal and professional growth
- c) Assignment, Evaluation and Feedback

**Unit 5: Effective Communication Skills (5 hours)**

- a) Developing communication skills
- b) Technology and Communication
- c) Professional Communication Skills
- d) Assignment, Evaluation and Feedback

**Evaluation and Assessment (5 hours)**

Scheme of Examination: 50 marks

Online Multiple Choice Questions

# Course Name

Social Media- "From Skills to Values"

## Course Objectives

By the end of the sessions, participants will learn-

- To understand the meaning of social media.
- To know the goals of social media
- Motivation to work with social media

## Course Syllabus

1. Concepts of values and Ethics in the context of social media
2. Impact of social media
3. Power and influence of social media
4. Positive and Negative effects of social media
5. To demonstrate values portrayed in social media
6. Interactive discussion
7. Group Activities & Skill Training
8. Tips on content creation, Engagement, and Privacy setting
9. Ethical dilemma scenarios (in the context of social media)
10. Feedback and Q & A

## Course Content

### 1. Understanding Social Media and Personal Values

#### Part 1:

- Introduction to the workshop objectives and agenda.
- Icebreaker activity to familiarize participants.
- Overview of social media platforms and their significance in today's world.
- Discussion on the impact of social media on society and individuals' lives.

#### Part 2:

- Self-reflection exercise: Identifying personal values and their alignment with social media use.
- Group discussions on the ethical implications of social media behavior.
- Homework assignment: Participants to think about their own values in the context of social media.

### 2. Building Digital Literacy

#### Part 1:

- Recap of Day 1 and participant reflections.
- Introduction to digital literacy and its importance.
- Understanding online privacy and security.

Part 2:

- Hands-on session on online privacy settings and security measures.
- Group activities to identify potential risks on social media and how to mitigate them.
- Homework assignment: Participants to review their own social media privacy settings and make necessary adjustments.

### 3. Content Creation and Communication Skills

Part 1:

- Recap and participant sharing of privacy setting adjustments.
- Discussion on the power of content creation on social media.
- Tips and techniques for creating engaging and value-aligned content.

Part 2:

- Hands-on content creation exercises (e.g., writing posts, creating graphics, or recording videos).
- Group feedback and constructive critique of each other's content.
- Homework assignment: Participants to create a value-driven social media post based on their personal values.

### 4. Responsible Engagement and Online Relationships

Part 1:

- Review of previous day's activities and participant content.
- Importance of responsible engagement on social media.
- Building and nurturing online relationships while maintaining values alignment.

Part 2:

- Role-playing and scenarios: Practicing responsible online engagement.
- Discussion on addressing online conflicts and disagreements while upholding values.
- Homework assignment: Participants to engage positively with others on social media based on their values.

### 5. Ethical Leadership and Reflection

Part 1:

- Recap of the workshop journey and participant experiences.
- Exploring the concept of ethical leadership on social media.
- Group discussions on using social media for social change and advocacy.

Part 2:

- Personal goal setting: Participants to outline their social media values and goals.
- Action planning: Developing a personal action plan to continue applying workshop insights.
- Closing ceremony and certificates distribution.

**\*\*IDPORIUM ODYSSEY\*\***

The IDporium Club organized a unique and engaging event, "BioCanvas: Bridging Walls - Zoology, Commerce, and Arts Exploration," a six-day online certificate course.

The event aimed to foster interdisciplinary understanding and collaboration among students from various fields.  
**\*\*Event Details:\*\*** - **\*\*Dress Code:\*\*** Green - **\*Theme:\*\*** No Bag Day

**\*\*Course Highlights:\*\*** The certificate course delved into the intersection of Zoology, Commerce, and Arts, providing students with a holistic perspective on the subjects. Participants had the opportunity to explore the interconnections and shared aspects across these diverse fields. **\*\*Activities:\*\*** The course comprised a series of interactive sessions, workshops, and collaborative projects. Students engaged in discussions, presentations, and practical exercises, fostering a dynamic learning environment. **\*\*Objective:\*\*** The primary objective of BioCanvas was to break down traditional academic barriers, encouraging students to appreciate the interconnectedness of various disciplines. It aimed to broaden their horizons and stimulate innovative thinking

. **\*\*Outcome:\*\*** Participants gained insights into the symbiotic relationship between Zoology, Commerce, and Arts, unlocking creative possibilities in the amalgamation of seemingly distinct fields. The event concluded with participants showcasing their interdisciplinary projects, reflecting the collaborative spirit and newfound perspectives. \*

**\*Conclusion:\*\*** IDPORIUM ODYSSEY's "BioCanvas" successfully bridged disciplinary boundaries, providing a platform for students to embrace interdisciplinary learning. The event exemplified the college's commitment to holistic education and fostering a culture of exploration and innovation. The IDporium Club looks forward to organizing more such events that promote intellectual curiosity, collaboration, and a broader understanding of diverse fields among the student community.
