Report

Report of "Al Zaitoon: One day Interdisciplinary National Conference on Significance of Plants in the Light of Islamic Literature"

The Departments of Botany, Islamic Studies and IQAC of G. M. Momin Women's College organized a National Conference titled **"Al Zaitoon: One day Interdisciplinary National Conference on Significance of Plants in the Light of Islamic Literature"** on Tuesday, 07th March, 2023 in the College Auditorium. The objective of the conference was to create awareness about the description of botanical plants in Islamic literature, to enable a sensitive reading and understanding of plants through the relevant Hadith in Islamic literature and to facilitate interdisciplinary research in Islamic Studies and Botany in alignment with the NEP 2020. The conference was conducted in dual mode (online and offline).

The conference was divided into two sessions. The first session comprised of the Inaugural session in the midst of the management members of KME Society that is Mr. Talha Faquih, President, KME Society and Chairman, G. M. Momin Women's College, Mr. Zia Abdus Shakoor Momin, Vice President, KME Society , Mr. Sohail Fakih, Hon. General Secretary, KME Society, Mr. Navid Bashir Karbe, Hon. Joint Secretary, KME Society and Mr. Fahad Bubere, Hon. Treasurer, KME Society, and the Chief Guest, Prof (Dr.) Mohammad Aslam Parvaiz, Adjunct Professor of Botany, Jamia Hamdard University and Former Vice Chancellor, MANU, who delivered the Keynote address as well. The Guests of Honour were Prof. Afzal Wani, Chairman, Institute of Objective Studies, New Delhi, Prof, Hmidullah Marazi, Head, Department of Islamic Studies, University of Kashmir, Prof, Mohammad Rizwan, Deputy Director CSR Inida and Guest Faculty Dept. of Biotechnology Jamia Millia Islamia, New Delhi, Visiting faculty of MB and GE, R.T.M. Nagpur University, Nagpur and Prof. Mohammad Abdul Baseer, Head, Dept of Chemistry, Yashwant College, Nanded.

The keynote address delivered by Prof (Dr.) Mohammad Aslam Parvaiz was truly multidisciplinary as it touched upon sustainability, justice, shift from anthropocentrism to ecocentrism and the symbiotic relationship between botanical plants and trees as depicted in Islamic literature. Dr. Parvaiz's talk was punctuated with relevant examples and illustrations widely enjoyed by the audience who wanted more of his talk.

The second part of the conference consisted of Technical sessions. The conference witnessed a whopping number of 70 paper presentations by faculty, research scholars and students participating in both offline and online mode in English and Urdu. There were 26 Teachers' and Research scholars' Oral and PPTR presentations, 20 English and Urdu Students' Oral presentation followed by 15 students' PPt presentation and 09 Poster presentations . The papers presented covered a wide range of topics related to the physiological, taxonomical, medicinal, health and aesthetic benefits of plants.

The conference concluded with a Valedictory session graced by Dr. Harsha Badkar, Vice Principal and Associate Professor of Philosophy, Wilson College who emphasized the need for such interdisciplinary conferences to encourage research and collaborations in the light of NEP 2020.

The conference concluded on a successful note with a stimulating and beneficial learning experience to all the participants.
